Registrants Asked to
Have Questionnaires
Filled Out This Week

Judge Will M. Sparks, chairman of the legal advisory board organized to assist registrants fill out their questionnaires, today requested that all registrants bring their questionnaires to the court house some time this week as court will open next Monday. Practically nothing has been done in court since December 17 when the first questionnaires were received by registrants. The last of them were mailed out yesterday so that by today every registrant has received a questionnaire.

Names of registrants classified by the local board yesterday and those called for examination will be found on page eight of today's issue.

Coincident with the announcement of the result of the second physical examination of registrants in class one by Dr. W. S. Coleman of the county army selection board yesterday, the board today sent out notices to twenty more registrants to appear next Tuesday, January 15 before Dr. W. S. Coleman at nine o'clock in the morning to be examined.

Five of the fourteen ordered to appear yesterday passed the physical examination and are ready to be inducted into the army. This makes ten permanently in class one as the result of the examination of two groups of men, but no reports have been received of cases either appealed or sent to the medical advisory board by the physician member of the selection board.

One of the men called yesterday—Horace Jones—failed to appear for medical examination yesterday. The board has had trouble with Jones before. He failed to appear for examination under the old selective conscription rules and was ordered arrested and brought here when he appeared before a draft board at Logan, Ohio. He came here and left his address at Dayton, Ohio. Jones explained to the board at the time that he had been in jail and could not come when called. He waived a claim for deferred classification in his questionnaire, but now has again failed to appear for examination.

The cases of two of the registrants examined yesterday are as

HEAR TALK ABOUT BURNS

John Rutledge, Native of Scotland,
Speaks

In celebrating the birthday of Robert Burns, poet, who was a member of the Masonic lodge, the local order heard a talk last evening by John Rutledge, a former resident of this city and a native of Scotland. An interesting account of the life of the poet was given. Last evening's talk was one of a series which is being given at each of the stated meetings of the order.

SUGGEST RECEIVER MIGHT HOLD A FAIR

Directors Today Say Association
Will Not Hold Another Exhibition Because of Suit

PRESIDENT TO ACT FOR BOARD

Although the belief was expressed at the meeting of the directors of the Rush county fair this afternoon that no more fairs could be held by the Rush County Agricultural association, since suit for a receiver has been filed by three members of the board, it was given as the opinion of some of the directors that the receiver, who is yet to be appointed by the court if the petition is granted, might himself conduct a fair, if he thought it best to conserve the interests of the association. A. L. Stewart, president of the association, was appointed to look after the interests of the association in the receivership proceedings.

Another member of the board suggested that a fair might be held and no definite amounts fixed for premiums, but that the receipts could be prorated among the ribbon winners. Directors expressed the hope that the three directors—J. Frank Cross, W. A. Alexander and William A. Norris—who signed the notes securing the loans, amounting to \$5,883.40 made to the association, would lose nothing. They are the men who brought suit for a receiver.

COLLAR BONE BROKEN WHEN BUGGY UPSETS

Charles Howell Injured Near Albert
Capp's Farm, Horse Frightening
at Automobile

TWO OTHERS ARE UNSCATHED

Charles Howell sustained a broken collar bone as the result of an accident which occurred yesterday when the horse which he was driving became frightened at a passing automobile and threw the buggy into the ditch. Walter Smith and daughter of near New Salem were in the machine.

Mr. Howell resides on the William Winship farm six miles south of the city and was driving to this city, accompanied by N. E. Eden and Oral Eden, when the accident occurred. The men were riding in a closed buggy and as they were passing the residence of Albert Capp, south of the city, they turned into the side of the road to make room for the approaching machine. The continuous honking of the machine as it neared the buggy frightened the horse which ran into the ditch, overturning the buggy.

Mr. Howell was taken immediately to a local physician where his injuries were taken care of after which he was taken home. The other two occupants of the buggy escaped injury.

Frank Mauzy of Markleville, who is well known here, is regaining consciousness, after having suffered a stroke of apoplexy about a week ago, according to word received by friends here.

COAL DEALERS HAVE BAD LUCK

Car Sent to Dan Matlock Is Commandeered and Two for Will
Trennepohl Are Lost

COVERED UP WITH ORDERS

Last Night's Temperature Lower
Than Previous Night—Prediction
for Colder Still

State Officials Attack
The Fuel Administration

Washington, Jan. 9.—Attacks on the federal fuel administration, demand for settlement of the question of the control of the mines, to smash coal operators combined and relieve fuel shortages were made before the senate coal probers by Missouri and Ohio officials today.

The government sent miners to the battlefield—let it send them to the mine, said Attorney General McAllister of Missouri, after telling of acute coal shortage in that state.

Coal dealers of this city are having bad luck, for in addition to the fact that it is next to impossible to get their orders for coal filled, some of the orders that are filled do not reach here. A carload that had been shipped to Dan Matlock last week was commandeered by the government, according to the dispatch received by Mr. Matlock from the national fuel administrator. The car had been started but was taken off the tracks for use at the Soldiers Home at Dayton, Ohio.

Two cars that Will Trennepohl had received bills for never reached here and probably never will. Mr. Trennepohl believes the orders were misplaced.

In the face of this shortage and the fact that there is no coal in the city at present, persons are still "begging for fuel." The dealers, with the small amounts they receive are trying to fill orders that have been on the books for weeks. With calls for many times more coal than they are able to procure, and all of the calls urgent ones too, dealers are endeavoring to distribute the amount they receive in the fairest way possible. One dealer has offered a prize for anyone ordering coal who does not say that "there is someone sick in the family."

The cold weather continues regardless of the fuel shortage. This morning early the temperature was lower than yesterday morning, being 4 above zero shortly after sunrise. At the same time yesterday morning the temperature was 7 above zero. Last night the government thermometer at Mauzy registered 17 above zero at 6:30 o'clock and near noon today, it showed the temperature to be 18 above zero.

The weather man, after repeated promises of "somewhat warmer tomorrow" seems to have given up in discouragement for the weather prediction for tomorrow reads "probably colder."

LEOPOLD STATES TERMS

Will Give Up No German Ground,
Says Bavarian Ruler

Amsterdam, Jan. 9.—"We must fight until the enemy accepts our condition," declared King Leopold of Bavaria, in a speech delivered on the occasion of a celebration of his birthday.

"We may defeat our latest enemy—the American," he asserted. "Terms of our enemy are exorbitant. We will not give up an inch of German ground and will safeguard our frontier."

Rev. John T. Seull of Orange underwent an operation at the Methodist hospital in Indianapolis yesterday.

AMERICAN JACKIES ARE KEEPING WARM

Paymaster-General McGowan of
Navy Testifies Before House
Naval Committee Today

HAVE PLENTY OF CLOTHING

Washington, Jan. 9.—American Jackies are keeping warm, Admiral McGowan, paymaster-general of the navy in charge of supplies, told the house naval committee today. Every man, he testified, is well supplied with warm clothing and a large reserve supply is available for emergency.

Every man on the fighting ships of the nation and at the training stations has two all-wool blankets, he said, and there is a reserve supply at the navy yard to provide two more for each man.

Hospital facilities are not quite adequate at present, but are being increased, said Col. Braisted, surgeon-general of the navy. He denied that some of the navy's sick men are being cared for in cold tents.

The first marriage license issued this year was procured yesterday by Miss Frances Divilbiss of near Lewisville and George W. Taggart of this county.

MESS FUND INCREASES \$26

Any Wishing to Contribute May
Leave it With Republican

Twenty-six dollars have been contributed to the mess fund of the infirmary of the 139th field artillery, stationed at Camp Shelby, Miss. as the outgrowth of the appeal of Lieut. Lowell M. Green, of the infirmary, sent to Earl H. Payne of the Peoples National bank. Mrs. Geo. T. Caldwell has given a dollar and a local citizen has wired \$25. Any others who care to contribute any sum to the fund may leave it at the Daily Republican office.

SKILLED WORKERS MAY ENTER SERVICE

Are Asked to See Enrolling Agent,
A. L. Stewart Who Will Send
in Enlistments to Government

GIVES A GOOD OPPORTUNITY

A. L. Stewart, who has been appointed county enrolling agent for the United States Public service commission states that he is now ready to take applications from any mechanics and artisans and to enlist them for service in the United States army or with the government. Any person who is a good bricklayer, a good carpenter, iron worker or skilled mechanic in any line would do well to get in communication with Mr. Stewart, at it may be very beneficial.

Men wishing to offer their services to the government in this way, need not be within the draft age but must be of sound health, both mentally and physically. The applications, together with a full description of the applicants, their qualifications and skill will be forwarded to the proper authorities. The government upon receiving the recommendations and credentials concerning applicants will assign them to their positions.

In this offer, skilled workmen are offered an excellent opportunity to show their patriotism and receive a good position. The government pays excellent wages to workmen who do not volunteer their services free.

GROCCERS CAN'T MAKE STIPULATED PROFIT

Local Dealers Say Beet Sugar Costs
\$8.30 a Hundred, Allowing Only
70 Cents a Hundred

ASKED TO SELL IT AT 9 CENTS

A question of great interest to Rush county grocers which will probably be brought up at the meeting of the grocers and persons interested in food prices, with the food administration, to be held in Indianapolis in the near future, is that of the price of sugar. The ruling of the State food administration that beet sugar is to be sold for nine cents a pound does not, according to local grocers, allow the profit of one and one fourth cents which grocers are allowed. This profit is easily made in groceries which are located in cities near wholesale houses but in smaller towns, the price of shipping and delivery has to be added to the price of the product.

With beet sugar selling at \$7.86 a hundred pounds and at least 40 cents to that for shipping and delivery, the price of a hundred pounds of sugar wholesale runs near \$8.30. At this rate, sugar costs 8 3/10 cents a pound and allows grocers a profit of 7/10 of a cent a pound. The rule reads that grocers are allowed between 1 and 1 1/2 cent profit per pound on sugar and with this price they are not receiving the allowed

WILL SOLIDIFY HUN RESISTANCE

This Will be First Effect of President
Wilson's Speech, High
Officials Believe

GERMAN LIBERALS FOR PEACE

London Regards American Statement
as Second Great Volley in
Political Offensive

Demonstration for Peace
(By United Press.)

Geneva, Jan. 9.—Crowds marched through the streets of Berlin, Leipzig and Essen singing "we must have peace" when news of the breaking off of the Brest-Litovsk negotiations became known, according to reports received here today.

Washington, Jan. 9.—The first effect of President Wilson's speech on war aims will be to solidify German resistance, high officials believe today.

A canvass of official opinion here showed confidence, however, that liberals in Germany and Austria will eventually gain sufficient strength to throw Junkerism overboard.

One high official declared German liberals are more for peace and against militarism than Germany's censorship permits the rest of the world to know.

London, Jan. 9.—President Wilson's speech was the second great volley in the allied political offensive—the drive which is expected to be more effective than gun or bayonet in the defeat of Germany.

Other allied leaders very shortly will fire further salvos of verbal artillery.

Then if information here in correct, will come an allied bombardment in form of a joint restatement of all war aims statements announced by the leaders among the allies.

As London eagerly read the president's statement today its special appeal to Russia was held the most timely feature of the whole document.

The Wilson message was received too late for comment by any of the London morning newspapers except the "Chronicle."

"Once more the President has seized on a great occasion to lead the conscience of mankind. He is exercising authority, both moral and political as the spokesman for the democratic future of the world."

BRITISH HOSPITAL SHIP HUN VICTIM

Admiralty Announces Torpedoing of
Rewa Outside So-Called Barred
Zone

MARKED AS HOSPITAL SHIP

(By United Press.)
London, Jan. 9.—Another British hospital ship has fallen victim to the Huns.

The admiralty today announced the torpedoing on Friday of the ship Rewa. The ship was sunk in the Bristol channel enroute from Gibraltar. Three of her crew are missing.

The wounded aboard were transferred to patrol boats. The admiralty announced that the ship carried all lights and markings indicating a hospital ship and had not been within the limit of the so-called German submarine barred zone.

4 FIREMEN KILLED

Chicago, Jan. 9.—Four firemen were killed and 4 injured today when they were buried under the falling walls of the Chicago Theatre, a west side movie which caught fire shortly after midnight.

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills," Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills. They strengthen the weak, ailing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

**JAPAN WILL GUARD

(By United Press.)

Tokio, Jan. 9.—The impression grew today that Japan had completed arrangements to send troops to Valtidostok on a moment's notice for protection of allied interests and to guard allied war materials.

Officials admitted the situation at the time of the report was critical. Dispatches say the Bolsheviks control the government offices, the banks and leading commercial houses.

The American minister today spent the morning in conference with John Stevens, head of the American railway mission to Russia. Three hundred American railway operators are remaining in Japan awaiting developments in Russia.

The newly organized high school orchestra will give a short program at the high school tomorrow morning during opening exercises. The orchestra practices weekly and with several new members this year is making fine progress.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Amusements

The screen version of, "Within the Law," now at the Princess theatre proves beyond all doubt but that in some instances the limitations of the silent drama are not as great as those of the speaking stage. This fact is proven very conclusively in Greater Vitagraph's reproduction of the interior of a metropolitan department store during the Christmas shopping season.

Bayard Veillers' wonderful story is based upon the theft of a shop girl, and the arrest and conviction of the wrong girl behind the counter, the real thief story on a smooth path, it is absolutely necessary to portray the interior of the department store showing the tremendous crowds of shoppers and the two girls behind the counters, the real thief and the girl accused. In the speaking version much of the department store scene must be left to the imagination. A very small setting representing one section of a department store is all that any stage in the country will accommodate.

But in the screen version Director William P. S. Earle staged the opening scene of the wonderful story in one of Brooklyn's largest department stores. Instead of using extras as shoppers, many of Brooklyn's best-known people appear as they are doing their Christmas shopping.

In "The Painted Lie," which will be shown at the Gem theatre this evening, Mr. Wilbur appears in the role of the lieutenant of the National Guard, and the man whose life is almost wrecked by the circumstantial evidence which all but proves him guilty of a crime of which he is wholly innocent.

Harrish Ingraham assists Mr. Wilbur in the direction of the production and also plays the part of a famous portrait painter. Driven almost insane when his love is repulsed by Diana Welland, whose portrait he has been painting, he attempts to blast her reputation by the fiendish plan of adding an undraped figure to the bust portrait of Diana.

Marie Cortaux is the artist's model, whose guilty conscience leads her to make a dying confession that it was she and not Diana who posed for the portrait; and she and not the lieutenant who killed the artist.

amount. Conditions, of course, affect prices so that grocers near wholesale houses who do not have to pay shipping can make the amount allowed on each pound of sugar.

**MOLINE
Universal Tractor**

**As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works**

The Ideal Tractor

No other tractor on the market will do such a great variety of work, nor is as correct in design and construction as the Moline Universal. It makes the usual horse farm possible. It pulls the usual horse load—will do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting—in fact, all field work, and will deliver 12 horse-power on the belt.

A Real One-Man Outfit

The Moline Universal is easier to handle than a team of horses, weighs about the same, turns in a 16-foot circle and will back with the implement attached. It is compact, simple, close-coupled, a wonderful puller and carries no dead weight. And best of all, it is operated from the seat of the implement attached. This permits one man to operate both tractor and implement.

Cut the Cost of Horse Labor

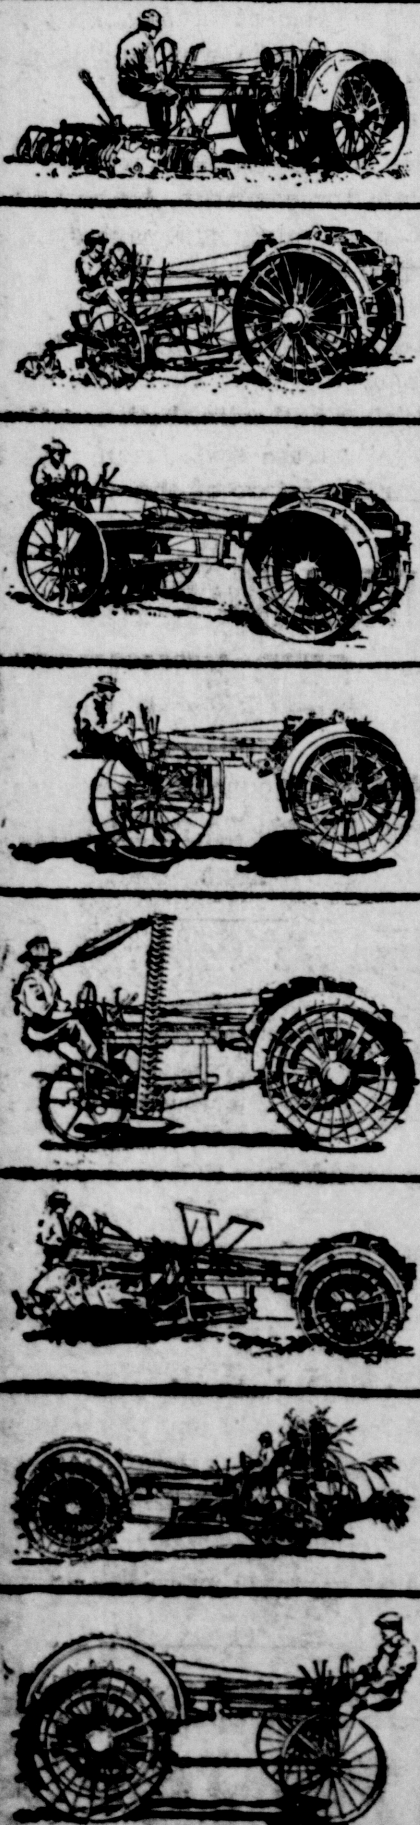

The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 3 1/2 hours work a day through the entire year, and tires in six. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 23 minutes a day to care for him, or fourteen ten-hour days a year.

And yet there isn't enough power to plow as deep as scientific methods require; to harrow more frequently, so that organic matter will be utilized, moisture conserved, and a good state of soil tilth maintained; to cultivate more frequently; and to harvest at the proper time.

Let us tell you how the Moline Universal Tractor can reduce the cost of power on your farm. It will pay you.

Important to all Women Readers of this Paper.

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular medium and large size bottles at all drug stores. (Adv.)

"Within the Law"

Occasionally there comes to the stage a drama of such power and understanding, a play that lies so close to the heart of humanity, that it rises above contemporary productions like a mighty rock in the sea. Such a drama is "Within the Law."

What if she stood without the pale of society, what if her methods of vengeance were those of social outcasts—the law could not touch her, for like those who wronged her, she played the game to the edge of danger, but stayed always "Within the Law."

COMING FRIDAY—Marguerite Clark in—"THE AMAZONS"

Last year we remodeled our home and installed a Caloric Pipeless Furnace. Our house is large and in the coldest weather we enjoy comfort. We were able to use our bathroom with comfort in coldest weather. We did not have a single frozen pipe. We used less fuel than we would with any other make. In remodeling a house there is no better furnace.—E. L. Sindel, Delta, Ohio.

This is One of Thousands

of letters from satisfied users of the Caloric Pipeless Furnace from all over the country. City convenience and comfort are yours with very little expense. You do not have to cut your house up for pipes because the Caloric heats thoroughly with just one register. The

The Original Patented Pipeless Furnace

burns coal, coke and wood and is guaranteed to save 35% of your fuel. In a short time it pays for itself. There are no pipes to waste heat or cause a fire and the air in the house is kept in constant circulation which is an aid to your health. The triple casing on the Caloric prevents the cellar from becoming heated, thus saving produce and canned goods.

Installed In One Day In Any House New or Old

Because there is only one hole necessary to be cut, this furnace can be installed in quick time, without dirt trouble or inconvenience. It is guaranteed against defective material or workmanship. If it does not prove satisfactory let us know and we shall make it right. The firepot is guaranteed for five years by us and by the manufacturers, The Monitor Stove & Range Co., Cincinnati, O. Here's A New Day

We are going to have another "day." It probably wouldn't be guessed in a hundred years. We already have a couple of meatless days, a wheatless day and a porkless day each week, but this new one is different. It is not restrictive or preventive or prohibitory in character; it's just the opposite. We are asked to eat all of this particular thing for which the day is named that we can gorge. It's something that everyone likes and without which no meal is complete; it is the lowly Irish potato.

A campaign is now under way to organize retail grocers and when this is completed, the definite plans to have a "potato day" each week will be undertaken in Indiana. The plan of the federal food administration is to increase to a maximum the use of Irish potatoes. Grocers will be asked to select a day when deliveries of other foods are fewest and to make a special point to have potatoes delivered on that particular day. Housewives will be asked to buy a weeks supply each potato day. It is hoped by the administration to make potatoes a part of every family menu, every day of the year.

The United States department of agriculture is co-operating with the food administration in this purpose by helping to improve methods of growing potatoes and increasing yields. Definite methods have been taken to stabilize the potato industry, both as to production and distribution, and grading and sales on a weight basis. In this connection, Dr. Harry E. Barnard, federal food administrator for Indiana, authorizes the following:

"The potato today is plentiful, cheap and the best substitute for food staples we are being asked to save for our associates in the war, the Army and the Navy. It furnishes nourishment, bulk, mineral salts and a corrective alkalinity in the diet.

"Germany plants more than twice as many potatoes as the United States. Germany gets more than twice as many bushels per acre, and she eats three times as many potatoes. Germany's wise use of potatoes helps her to hold out against the Allies."

Jerusalem is at last in Christian hands, and the preaching of Peter the Hermit has been vindicated. During the twelve hundred years in which it has been in the hands of the Moslem it would be hard to estimate the lives sacrificed in the attempt to wrest it from him. It should never again be desecrated by his presence, to say nothing of his control. The Holy City should revert to its rightful owners, and the entire territory of Palestine with it. They should have a free hand in rebuilding a Jewish nation if they so will.

General Pershing has sent the American people a message that contains a volume in a sentence of three clauses. He says, "Germany can be beaten, Germany must be beaten, and Germany will be beaten." To every word of which every red-blooded American will shout "Amen."

E. R. CASADY—223 MAIN ST.—RUSHVILLE, IND.

Mrs. Joseph Walther of Glenwood was hostess to the members of the Sorosis club which met yesterday afternoon at her home. "Art" was the subject of the afternoon's program which was composed of a number of interesting papers and discussions.

Roll call responses were descriptions of the favorite pictures of the guests after which Mrs. A. J. Britt read an interesting paper on America's Most Famous Women Painters. "Makers of American Art," was discussed by Mrs. Thomas Powell and "Beautiful Children in Art," by Mrs. Charles Newhouse.

Because of the great demand which the Red Cross is making on the people at the present time the customary exchange of Christmas gifts which has always been observed by the members of the club was not observed this year and the gift money given to Red Cross fund. The report of the treasurer showed that the plan was a worthy one and the amount turned in at the Red Cross headquarters was greatly appreciated.

The next meeting of the club will be held in two weeks at the home of E. W. Caldwell.

The newly elected officers for 1918 were installed at the meeting of the Ladies Aid society of the Main Street Christian church which was held yesterday afternoon in the church parlors.

Fifty members of the society were entertained and following the installation of officers the afternoon was spent sewing for the Red Cross. The new officers are: president, Mrs. Bert Orme; vice-president, Mrs. Charles Osman; secretary, Mrs. Dan Matlock; treasurer, Mrs. Henry Lee.

The outgoing officers and the board of managers served a prettily appointed luncheon at the close of the meeting. The hostesses included Mrs. Howard Carmichael, Miss Ellen Worsham, Miss Emma Casady, Mrs. Ezra Hinkle, Miss Florine Gronier, Miss Laura Hilligoss and Mrs. Olive McMillin.

Honoring Irvin A. Lloyd of Camp Shelby, who is home on a furlough, Mr. and Mrs. William Brown entertained with an informal dinner party on Saturday evening after which dancing and games furnished the evening's entertainment.

The guests included Mr. and Mrs. Elvin Cook, Mr. and Mrs. Fred Lockridge, Mr. and Mrs. Sherman Young and son Roscoe, Mr. and Mrs. Ora Cline and son Lowell, Mr. and Mrs. W. Kennedy, Mr. and Mrs. Cline, Mr. and Mrs. Lloyd, Mr. and Mrs. Charles Moore, Miss Rena Morgan, Miss Ora Hudson, Miss Elvira Cook, Clarence Lloyd, Roy Morgan, Ralph Lloyd, Clarence Kennedy and Irvin Lloyd.

Mrs. Walter Easley of North Perkins street was hostess to the members of her Five Hundred club at the regular meeting which was held at her home last night. Guests for three tables were entertained and at the close of the evening the hostess served a prettily appointed luncheon.

The next meeting will be held January 22 at the home of Mrs. Ed Carter in West Fourth street.

The country home of Mr. and Mrs. Fred Bell in Washington township was the scene of a delightful social affair yesterday when Mrs. Bell entertained with a dinner party in honor of the thirty-ninth birthday of her husband. The dining table was made unusually attractive by cut flowers which made a pretty center decoration. Covers were laid for sixteen guests.

Sewing for the Red Cross occupied most of the meeting of the Willing Workers of the Orange Christian church which was held yesterday afternoon at the home of Mrs. Elizabeth Stevens. Because of the conservation regulations the class has abandoned the custom of serving refreshments except on special occasions.

Miss Frances Divelbliss of Lewisville, daughter of Mr. and Mrs. Robert Divelbliss and George W.

WHO WILL WIN THIS BATTLE?

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backache, neglect of the kidneys is apt to develop into more serious diseases, such as diabetes or stone in the bladder.

Rid the body of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric and you win the battle of life.

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeased and eliminated the ravages of the more serious kidney diseases. Now procurable for 60 cents at any good drug store, or send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

FORT WAYNE, IND.—"I have been made most comfortable by the use of Anuric. When I started to take this medicine my right kidney pained me at each excretion and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—Mrs. S. J. Roberts 17 Cottage Ave.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

TEAM IN BETTER TRIM FOR NEWCASTLE GAME

Players, Although Not All Well, in Better Condition Than They Were For Last Game

LOCAL HIGH SCHOOL GYM

For the game with Newcastle on Friday evening, one of the biggest of the season for the local high school basketball five, the boys are in better trim than they were for the game with Shelbyville last Friday night although some of them are still suffering with injuries. In spite of the fact that they are not in the best of health, vigorous practices have been conducted all week by Coach Keith, and the boys are optimistic about scoring a victory over their old opponents, the Newcastle team.

The probable line-up for the game will be forwards: Keating, Brown and Tompkins; center, Daily; and guards, Reed and Norris. Norman Reed, captain, has been out of the last two games on account of having boils on his neck, but is hoping that he will be able to play at least half of the game Friday night. Keating's leg, which was badly sprained, is some better but still in bad shape and Brown, who had a sprained ankle, is in better condition than he was last Friday night.

The locals are in high hopes of keeping up last year's record when two victories were slated against the Newcastle five. The game will be called at eight o'clock and a curtain raiser will be played at 7 o'clock. An immense crowd of rooters is expecting to attend the game which will be played at the Graham Annex gymnasium.

Have Questionnaires
Filled Out This Week

Judge Will M. Sparks, chairman of the legal advisory board organized to assist registrants fill out their questionnaires, today requested that all registrants bring their questionnaires to the court house some time this week as court will open next Monday. Practically nothing has been done in court since December 17 when the first questionnaires were received by registrants. The last of them were mailed out yesterday so that by today every registrant has received a questionnaire.

Names of registrants classified by the local board yesterday and those called for examination will be found on page eight of today's issue.

Coincident with the announcement of the result of the second physical examination of registrants in class one by Dr. W. S. Coleman of the county army selection board yesterday, the board today sent out notices to twenty more registrants to appear next Tuesday, January 15 before Dr. W. S. Coleman at nine o'clock in the morning to be examined.

Five of the fourteen ordered to appear yesterday passed the physical examination and are ready to be inducted into the army. This makes ten permanently in class one as the result of the examination of two groups of men, but no reports have been received of cases either appealed or sent to the medical advisory board by the physician member of the selection board.

One of the men called yesterday—Horace Jones—failed to appear for medical examination yesterday. The board has had trouble with Jones before. He failed to appear for examination under the old selective conscription rules and was ordered arrested and brought here when he appeared before a draft board at Logan, Ohio. He came here and left his address at Dayton, Ohio. Jones explained to the board at the time that he had been in jail and could not come when called. He waived a claim for deferred classification in his questionnaire, but now has again failed to appear for examination.

The cases of two of the registrants examined yesterday are as

In celebrating the birthday of Robert Burns, poet, who was a member of the Masonic lodge, the local order heard a talk last evening by John Rutledge, a former resident of this city and a native of Scotland. An interesting account of the life of the poet was given. Last evening's talk was one of a series which is being given at each of the stated meetings of the order.

SUGGEST RECEIVER MIGHT HOLD A FAIR

Directors Today Say Association
Will Not Hold Another Exhibition Because of Suit

PRESIDENT TO ACT FOR BOARD

Although the belief was expressed at the meeting of the directors of the Rush county fair this afternoon that no more fairs could be held by the Rush County Agricultural association, since suit for a receiver has been filed by three members of the board, it was given as the opinion of some of the directors that the receiver, who is yet to be appointed by the court if the petition is granted, might himself conduct a fair, if he thought it best to conserve the interests of the association. A. L. Stewart, president of the association, was appointed to look after the interests of the association in the receivership proceedings.

Another member of the board suggested that a fair might be held and no definite amounts fixed for premiums, but that the receipts could be prorated among the ribbon winners. Directors expressed the hope that the three directors—J. Frank Cross, W. A. Alexander and William A. Norris—who signed the notes securing the loans, amounting to \$5,883.40 made to the association, would lose nothing. They are the men who brought suit for a receiver.

COLLAR BONE BROKEN WHEN BUGGY UPSETS

Charles Howell injured Near Albert
Capp's Farm, Horse Frightening
at Automobile

TWO OTHERS ARE UNSCATHED

Charles Howell sustained a broken collar bone as the result of an accident which occurred yesterday when the horse which he was driving became frightened at a passing automobile and threw the buggy into the ditch. Walter Smith and daughter of near New Salem were in the machine.

Mr. Howell resides on the William Winship farm six miles south of the city and was driving to this city, accompanied by N. E. Eden and Oral Eden, when the accident occurred. The men were riding in a closed buggy and as they were passing the residence of Albert Capp, south of the city, they turned into the side of the road to make room for the approaching machine. The continuous honking of the machine as it neared the buggy frightened the horse which ran into the ditch, overturning the buggy.

Mr. Howell was taken immediately to a local physician where his injuries were taken care of after which he was taken home. The other two occupants of the buggy escaped injury.

Frank Maury of Markleville, who is well known here, is retaining a physician after having suffered a stroke of apoplexy about a week ago, according to word received by friends here.

COAL DEALERS HAVE BAD LUCK

Car Sent to Dan Matlock Is Commandeered and Two for Will
Trennepohl Are Lost

COVERED UP WITH ORDERS

Last Night's Temperature Lower
Than Previous Night—Prediction for Colder Still

State Officials Attack
The Fuel Administration

Washington, Jan. 9.—Attacks on the federal fuel administration, demand for settlement of the question of the control of the mines, to smash coal operators combined and relieve fuel shortages were made before the senate coal probers by Missouri and Ohio officials today.

The government sent miners to the battlefield—let it send them to the mine, said Attorney General McAllister of Missouri, after telling of acute coal shortage in that state.

Coal dealers of this city are having bad luck, for in addition to the fact that it is next to impossible to get their orders for coal filled, some of the orders that are filled do not reach here. A carload that had been shipped to Dan Matlock last week was commandeered by the government, according to the dispatch received by Mr. Matlock from the national fuel administrator. The car had been started but was taken off the tracks for use at the Soldiers Home at Dayton, Ohio.

Two cars that Will Trennepohl had received bills for never reached here and probably never will. Mr. Trennepohl believes the orders were misplaced.

In the face of this shortage and the fact that there is no coal in the city at present, persons are still "begging for fuel." The dealers, with the small amounts they receive are trying to fill orders that have been on the books for weeks. With calls for many times more coal than they are able to procure, and all of the calls urgent ones too, dealers are endeavoring to distribute the amount they receive in the fairest way possible. One dealer has offered a prize for anyone ordering coal who does not say that "there is someone sick in the family."

The cold weather continues regardless of the fuel shortage. This morning early the temperature was lower than yesterday morning, being 4 above zero shortly after sunrise. At the same time yesterday morning the temperature was 7 above zero. Last night the government thermometer at Maury registered 17 above zero at 6:30 o'clock and near noon today, it showed the temperature to be 18 above zero.

The weather man, after repeated promises of "somewhat warmer tomorrow" seems to have given up in discouragement for the weather prediction for tomorrow reads "probably colder."

AMERICAN JACKIES ARE KEEPING WARM

Paymaster-General McGowan of
Navy Testifies Before House
Naval Committee Today

HAVE PLENTY OF CLOTHING

Washington, Jan. 9.—American Jackies are keeping warm, Admiral McGowan, paymaster-general of the navy in charge of supplies, told the house naval committee today. Every man, he testified, is well supplied with warm clothing and a large reserve supply is available for emergency.

Every man on the fighting ships of the nation and at the training stations has two all-wool blankets, he said, and there is a reserve supply at the navy yard to provide two more for each man.

Hospital facilities are not quite adequate at present, but are being increased, said Col. Braisted, surgeon-general of the navy. He denied that some of the navy's sick men are being cared for in cold tents.

Twenty-six dollars have been contributed to the mess fund of the infirmary of the 139th field artillery, stationed at Camp Shelby, Miss. as the outgrowth of the appeal of Lieut. Lowell M. Any others who care to contribute any sum to the fund may leave it at the Daily Republican office.

SKILLED WORKERS MAY ENTER SERVICE

Are Asked to See Enrolling Agent,
A. L. Stewart Who Will Send
in Enlistments to Government

GIVES A GOOD OPPORTUNITY

A. L. Stewart, who has been appointed county enrolling agent for the United States Public service commission states that he is now ready to take applications from any mechanics and artisans and to enlist them for service in the United States army or with the government. Any person who is a good bricklayer, a good carpenter, iron worker or skilled mechanic in any line would do well to get in communication with Mr. Stewart, at it may be very beneficial.

Men wishing to offer their services to the government in this way, need not be within the draft age but must be of sound health, both mentally and physically. The applications, together with a full description of the applicants, their qualifications and skill will be forwarded to the proper authorities. The government upon receiving the recommendations and credentials concerning applicants will assign them to their positions.

In this offer, skilled workmen are offered an excellent opportunity to show their patriotism and receive a good position. The government pays excellent wages to workmen who do not volunteer their services free.

GROGERS CAN'T MAKE STIPULATED PROFIT

Local Dealers Say Beet Sugar Costs
\$8.30 a Hundred, Allowing Only
70 Cents a Hundred

ASKED TO SELL IT AT 9 CENTS

A question of great interest to Rush county grocers which will probably be brought up at the meeting of the grocers and persons interested in food prices, with the food administration, to be held in Indianapolis in the near future, is that of the price of sugar. The ruling of the state food administration that beet sugar is to be sold for nine cents a pound does not, according to local grocers, allow the profit of one and one fourth cents which grocers are allowed. This profit is easily made in groceries which are located in cities near wholesale houses but in smaller towns, the price of shipping and delivery has to be added to the price of the product.

With beet sugar selling at \$7.86 a hundred pounds and at least 40 cents to that for shipping and delivery, the price of a hundred pounds of sugar wholesale runs near \$8.30. At this rate, sugar costs 8 3/10 cents a pound and allows grocers a profit of 7/10 of a cent a pound. The rule reads that grocers are allowed between 4 and 11 cent profit per pound on sugar and with this price they are not proceeding, the allowed

WILL SOLIDIFY HUN RESISTANCE

Wilson's Speech, High

GERMAN LIBERALS FOR PEACE

London Regards American Statement as Second Great Volley in
Political Offensive

Demonstration for Peace
(By United Press.)

Geneva, Jan. 9.—Crowds marched through the streets of Berlin, Leipzig and Essen singing "we must have peace" when news of the breaking off of the Brest-Litovsk negotiations became known, according to reports received here today.

Washington, Jan. 9.—The first effect of President Wilson's speech on war aims will be to solidify German resistance, high officials believe today.

A canvass of official opinion here showed confidence, however, that liberals in Germany and Austria will eventually gain sufficient strength to throw Junkerism over board.

One high official declared German liberals are more for peace and against militarism than Germany's censorship permits the rest of the world to know.

London, Jan. 9.—President Wilson's speech was the second great volley in the allied political offensive—the drive which is expected to be more effective than gun or bayonet in the defeat of Germany.

Other allied leaders very shortly will fire further salvos of verbal artillery.

Then if information here in correct, will come an allied bombardment in form of a joint restatement of all war aims statements announced by the leaders among the allies. As London eagerly read the president's statement today its special appeal to Russia was held the most timely feature of the whole document.

The Wilson message was received too late for comment by any of the London morning newspapers except the Chronicle.

"Once more the President has seized on a great occasion to lead the conscience of mankind. He is exercising authority, both moral and political as the spokesman for the democratic future of the world."

BRITISH HOSPITAL SHIP HUN VICTIM

Admiralty Announces Torpedoing of
Rewa Outside So-Called Barred
Zone

MARKED AS HOSPITAL SHIP

(By United Press.)

London, Jan. 9.—Another British hospital ship has fallen victim to the Hun.

The admiralty today announced the torpedoing on Friday of the ship Rewa. The ship was sunk in the Bristol channel enroute from Gibraltar. Three of her crew are missing.

The wounded aboard were transferred to patrol boats. The admiralty announced that the ship carried all lights and markings indicating a hospital ship and had not been within the limit of the so-called German submarine barred zone.

For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills," Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills. They strengthen the weak, ailing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

JAPAN WILL GUARD ALLIED INTERESTS

(By United Press.)

Tokio, Jan. 9.—The impression grew today that Japan had completed arrangements to send troops to Vladivostok on a moment's notice for protection of allied interests and to guard allied war materials.

Officials admitted the situation at the time of the report was critical. Dispatches say the Bolsheviks control the government offices, the banks and leading commercial houses.

The American minister today spent the morning in conference with John Stevens, head of the American railway mission to Russia. Three hundred American railway operators are remaining in Japan awaiting developments in Russia.

The newly organized high school orchestra will give a short program at the high school tomorrow morning during opening exercises. The orchestra practices weekly and with several new members this year is making fine progress.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why care the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to take Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" the brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Amusements

The screen version of, "Within the Law," now at the Princess theatre proves beyond all doubt but that in some instances the limitations of the silent drama are not as great as those of the speaking stage. This fact is proven very conclusively in Greater Vitagraph's reproduction of the interior of a metropolitan department store during the Christmas shopping season.

Bayard Veillers' wonderful story is based upon the theft of a shop girl, and the arrest and conviction of the wrong girl behind the counter, the real thief story on a smooth path, it is absolutely necessary to portray the interior of the department store showing the tremendous crowds of shoppers and the two girls behind the counters, the real thief and the girl accused. In the speaking version much of the department store scene must be left to the imagination. A very small setting representing one section of a department store is all that any stage in the country will accommodate.

But in the screen version Director William P. S. Earle staged the opening scene of the wonderful story in one of Brooklyn's largest department stores. Instead of using extras as shoppers, many of Brooklyn's best-known people appear as they are doing their Christmas shopping.

In "The Painted Lie," which will be shown at the Gem theatre this evening, Mr. Wilbur appears in the role of the lieutenant of the National Guard, and the man whose life is almost wrecked by the circumstantial evidence which all but proves him guilty of a crime of which he is wholly innocent.

Harrish Ingraham assists Mr. Wilbur in the direction of the production and also plays the part of a famous portrait painter. Driven almost insane when his love is repulsed by Diana Welland, whose portrait he has been painting, he attempts to blast her reputation by the flimsy plan of adding an andraped figure to the bust portrait of Diana. Marie Cordeaux is the artist's model, whose guilty conscience leads her to make a dying confession that it was she and not Diana who posed for the portrait; and she and not the lieutenant who killed the artist.

amount. Conditions, of course, affect prices so that grocers near wholesale houses who do not have to pay shipping can make the amount allowed on each pound of sugar.

Some of the sugar being sold by selling at ten cents a pound and the ruling does not affect the price of that.

MOLINE

Universal Tractor

**As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works**

The Ideal Tractor
No other tractor on the market will do such a great variety of work, nor is as correct in design and construction as the Moline Universal. It makes the horseless farm possible. It pulls the usual horse load will do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, mowing and harvesting—in fact, all field work, and will deliver 12 horse-power on the belt.

A Real One-Man Outfit
The Moline Universal is easier to handle than a team of horses, weighs about the same, turns in a 16-foot circle and will back with the implement attached. It is compact, simple, close-coupled, a wonderful puller and carries no dead weight. And best of all, it is operated from the seat of the implement attached. This permits one man to operate both tractor and implement.

Cut the Cost of Horse Labor
The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 3 1/2 hours' work a day through the entire year, and tires in six. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 23 minutes a day to care for him; or fourteen ten-hour days a year. And yet there isn't enough power to plow as deep as scientific methods require; in harrow more frequently, so that organic matter will be utilized, moisture conserved, and a good state of soil fifth maintained to cultivate more frequently; and to harvest at the proper time.

Let us tell you how the Moline Universal Tractor can reduce the cost of power on your farm. It will pay you.

Occasionally there comes to the stage a drama of such power and understanding, a play that lies so close to the heart of humanity, that it rises above contemporary productions like a mighty rock in the sea. Such a drama is "Within the Law."

What if she stood without the pale of society, what if her methods of vengeance were those of social outcasts—the law could not touch her, for like those who wronged her, she played the game to the edge of danger, but stayed always "Within the Law."

Here's A New Day

We are going to have another "day." It probably wouldn't be guessed in a hundred years. We already have a couple of meatless days, a wheatless day and a porkless day each week, but this new one is different. It is not restrictive or preventative or prohibitory in character; it's just the opposite. We are asked to eat all of this particular thing for which the day is named that we can gorge. It's something that everyone likes and without which no meal is complete; it is the lowly Irish potato.

A campaign is now under way to organize retail grocers and when this is completed, the definite plans to have a "potato day," each week will be undertaken in Indiana. The plan of the federal food administration is to increase to a maximum the use of Irish potatoes. Grocers will be asked to select a day when deliveries of other foods are fewest and to make a special point to have potatoes delivered on that particular day. Housewives will be asked to buy a weeks supply each potato day. It is hoped by the administration to make potatoes a part of every family menu, every day of the year.

The United States department of agriculture is co-operating with the food administration in this purpose by helping to improve methods of growing potatoes and increasing yields. Definite methods have been taken to stabilize the potato industry, both as to production and distribution, and grading and sales on a weight basis. In this connection, Dr. Harry E. Barnard, federal food administrator for Indiana, authorizes the following:

"The potato today is plentiful, cheap and the best substitute for food staples we are being asked to save for our associates in the war, the Army and the Navy. It furnishes nourishment, bulk, mineral salts and a corrective alkalinity in the diet.

"Germany plants more than twice as many potatoes as the United States. Germany gets more than twice as many bushels per acre and she eats three times as many potatoes. Germany's wise use of potatoes helps her to hold out against the Allies."

Jerusalem is at last in Christian hands, and the preaching of Peter the Hermit has been vindicated. During the twelve hundred years in which it has been in the hands of the Moslem it would be hard to estimate the lives sacrificed in the attempt to wrest it from him. It should never again be desecrated by his presence, to say nothing of his control. The Holy City should revert to its rightful owners, and the entire territory of Palestine with it. They should have a free hand in rebuilding a Jewish nation if they so will.

General Pershing has sent the American people a message that contains a riposte in a sentence of three clauses. He says: "Germany can be beaten. Germany must be beaten. Germany will be beaten."

E. R. CASADY

223 MAIN ST.

RUSHVILLE, IND.

Mrs. Joseph Walther of Glenwood was hostess to the members of the Sorosis club which met yesterday afternoon at her home. "Art" was the subject of the afternoon's program which was composed of a number of interesting papers and discussions.

Roll call responses were descriptions of the favorite pictures of the guests after which Mrs. A. J. Britt read an interesting paper on America's Most Famous Women Painters. "Makers of American Art," was discussed by Mrs. Thomas Powell and, "Beautiful Children in Art," by Mrs. Charles Newhouse.

Because of the great demand which the Red Cross is making on the people at the present time the customary exchange of Christmas gifts which has always been observed by the members of the club was not observed this year and the gift money given to Red Cross fund. The report of the treasurer showed that the plan was a worthy one and the amount turned in at the Red Cross headquarters was greatly appreciated.

The next meeting of the club will be held in two weeks at the home of E. W. Caldwell.

The newly elected officers for 1918 were installed at the meeting of the Ladies Aid society of the Main Street Christian church which was held yesterday afternoon in the church parlors.

Fifty members of the society were entertained and following the installation of officers the afternoon was spent sewing for the Red Cross. The new officers are: president, Mrs. Bert Orme; vice-president, Mrs. Charles Osman; secretary, Mrs. Dan Matlock; treasurer, Mrs. Henry Lee.

The outgoing officers and the board of managers served a prettily appointed luncheon at the close of the meeting. The hostesses included Mrs. Howard Carmichael, Miss Ellen Worsham, Miss Emma Casady, Mrs. Ezra Hinkle, Miss Florine Gronier, Miss Laura Hilligoss and Mrs. Olive McMillin.

Honoring Irvin A. Lloyd of Camp Shelby, who is home on a furlough, Mr. and Mrs. William Brown entertained with an informal dinner party on Saturday evening after which dancing and games furnished the evenings entertainment.

The guests included Mr. and Mrs. Elvin Cook, Mr. and Mrs. Fred Lockridge, Mr. and Mrs. Sherman Young and son Roscoe, Mr. and Mrs. Ora Cline and son Lowell, Mr. and Mrs. W. Kennedy, Mr. and Mrs. Cline, Mr. and Mrs. Lloyd, Mr. and Mrs. Charles Moore, Miss Rena Morgan, Miss Ora Hudson, Miss Elvira Cook, Clarence Lloyd, Roy Morgan, Ralph Lloyd, Clarence Kennedy and Irvin Lloyd.

Mrs. Walter Easley of North Perkins street was hostess to the members of her Five Hundred club at the regular meeting which was held at her home last night. Guests for three tables were entertained and at the close of the evening the hostess served a prettily appointed luncheon.

The next meeting will be held January 22 at the home of Mrs. Ed Carter in West Fourth street.

The country home of Mr. and Mrs. Fred Bell in Washington township was the scene of a delightful social affair yesterday when Mrs. Bell entertained with a dinner party in honor of the thirty-ninth birthday of her husband. The dining table was made unusually attractive by cut flowers which made a pretty center decoration. Covers were laid for fifteen guests.

Sewing for the Red Cross occupied most of the meeting of the W. H. Workers of the Orange Christian church which was held yesterday afternoon at the home of Mrs. Elizabeth Stevens. Because of the conservation regulations the class has abandoned the custom of serving refreshments except on special occasions.

Miss Frances Divelbiss of Lewisburg, daughter of Mr. and Mrs. J. W. Divelbiss and George W.

The regular meeting of the Sun-

Ease baby's Croup with Dr. King's New Discovery

for Coughs & Colds

Don't let the little one suffer. Dr. King's New Discovery loosens the phlegm and gives quick relief, and being mildly laxative it helps bring the child's physical condition up to normal. Dr. King's New Discovery should be kept on hand to nip "those fits of coughing". It has helped thousands of children during the past 50 years. Get it at your druggists.

Constipation Causes Sickness
Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Try it tonight. All druggists.

shine Embroidery club of Raleigh was held this afternoon at the home of Mrs. Albert Kennedy.

The regular meeting of the Wednesday Afternoon Bridge club was held this afternoon at the home of Mrs. Charles Frazee in North Main street. The guests included only members of the club.
